COUNCIL FOR TOBACCO RESEARCH-U.S.A., INC.

Dr. Arthur D. Eisenberg
Associate Research Director
The Council for Tobacco Research-U.S.A., Inc.
900 Third Avenue
New York, NY 10022 (212) 421-8885

GRANTS

Purpose: To support investigation of fundamental matters relating to a connection between tobacco use and human health.

Fields: Topics have included Cancer-related studies; respiratory system; heart and circulation; neuropharmacology and physiology; pharmacology and biochemistry; immunology and adaptive mechanisms; epidemiology.

Tenure: Although grants are made only one year at a time, up to two annual renewals can be considered on the basis of progress reports and materials submitted in renewal applications.

Application: Potential applicants should submit a brief (3 page, only) preliminary outline of the study. Preliminary review takes two months. Preliminary inquiries are reviewed not only for scientific merit but also for fit into the Council's current multidisciplinary program. If the reviewers wish to encourage submission of a formal detailed application for full competitive consideration, then forms and instructions are provided.

Deadlines: Deadlines for submission of preliminary requests are August 14 and February 14 to be considered for the full application. Deadlines of November 30 and May 31 with activation the following July 1 or January 1.
